Average Saving	£83.00	£167.00	£167.00	£172.00	£236.00	£378.00

\*The above savings guide is for illustrative purposes only and has the following assumptions: In Year 1 the pet is most likely to be neutered. In year 2 the pet is most likely to have a urine test and dentistry. Further discounts may be available eg saving on long term medication. The worming price for the cats is included in the flea treatment cost. £15 Voucher will only be given in the case where the pet is already microchipped. Prices based on average of 170 Nationwide Practices. Any Discounts are an estimated amount. Cost Price Food equates to 25% off normal selling price.
